Demographic **Over 85%** were women, and those aged 18 to 34 the largest age bracket.

Nationally

1 in 4 women, 1 in 6 children and 1 in 18 men have been raped, sexually abused or sexually assaulted.

More than 92% of perpetrators are known to their victims.

Such an essential service.

This service is exceptional.

I really believe I would be dead if it was not for the service I received from CRASAC.

What our clients say...

Without the help and support of CRASAC I believe my daughter would have seriously harmed herself or ended her life.

The work CRASAC does is truly life changing.

CRASAC has been a lifeline.

If it wasn't for CRASAC I don't know how I'd be able to cope.

The support I had has helped me and my family in so many ways.
